Objected Application

No Application Found

Vendor will select any one application from the dash-board list for upload of mandatory documents with the application. Documents shown with red star (*) are compulsory to be uploaded. Others are optional. However, at least one of the identification documents among Voter ID, Aadhar Card or NRC Number document needs to be uploaded.

In System Design, Vendor is required to give a complete drawing of schematic design of proposed MI system. In GPS Document, the GPS co-ordinates of all corners of the farm are to be written on a paper and scanned for upload.

GPS co-ordinates (latitude, longitude) are also to be filled up in the tabular space given in the screen. At least four points to be filled up. For farms in pentagon shape, five points would be required.

All documents must be signed by farmer as well as vendor before upload. Documents should be in pdf format.

Those application objected by the DHO at Document verification shows at the bottom grid with remark as shown below.
